## **Examiner's Comment**

New corrected drawings in compliance with 37 CFR 1.121(d) are required in this application because the current drawings are not clear an easily readable. Applicant is advised to employ the services of a competent patent draftsperson outside the Office, as the U.S. Patent and Trademark Office no longer prepares new drawings. The corrected drawings are required in reply to the Office action to avoid abandonment of the application. The requirement for corrected drawings will not be held in abeyance.

In order to avoid abandonment, the drawing informalities noted in the paper mailed on 7/7/04, must now be corrected. Correction can only be effected in the manner set forth in the above noted paper.
